## DEFINITION

**“Tent Making” refers to work done to sustain oneself while pursuing ministry.**

**Paul worked as a tent maker to enable his ministry. In similar fashion, today the need remains for self-supporting Christian workers, ministers, and missionaries.**

**Work that is well paid, portable, and in high demand best serves this need.**

## **So, you want to serve in ministry.**

How are you going to support yourself while you serve?

Only a small fraction of Bible College graduates get ministry jobs that provide an adequate living.

### **Solution: “Tent Making”**

Castle Christian Ministries equips you to earn a living so you can serve the Lord.

This is no replacement for Bible college or seminary.

This is practical hands-on income earning training that will free you from financial burdens and empower you to serve the Lord.

Castle Christian Ministries provides “tent making” training to empower Christian workers.

Started in 2004, its Sewing Machines Institute is the premier center for all brand sewing machine training in the U.S.

## **Sewing Machine Repair Technician**

Why learn all brand sewing machine repair?

Demand for technicians is huge.

Earning potential ranges from \$30,000 to \$100,000 annually.

Certified technicians find opportunities to work for established service centers or launch their own profitable repair businesses.

This is a skill that easily compliments ministry providing a great income source and personal outreach potential.
